

CBD College Professional Licensure or Certification Disclosure

CBD College has made reasonable effort to determine graduate eligibility for licensure for programs advertised as leading to mandatory or voluntary licensure or certification. Students who are located in states other than California, or plan to relocate, should research any certification or employment requirements for their respective chosen state. The complete listing of specific documents required for licensure and/or credentialing in California for each program is articulated in the catalog on the respective program page.

Program	Profession	Program does not lead to mandatory licensure or mandatory licensure not required in the following states:	Curriculum meets the state educational requirements for mandatory or voluntary licensure or certification in the following states:	Curriculum does not meet the state educational requirements for licensure or certification in the following states:	Not determined if curriculum meets the state educational requirements for licensure or certification in the following states:
Associate of Applied Science in Physical Therapist Assistant	Physical Therapist Assistant	N/A. Mandatory licensure is required in all states.	The program has determined that its curriculum meets the state educational requirements for licensure or certification in all states, the District of Columbia, Puerto Rico, and the U.S. Virgin Islands secondary to its accreditation by the Commission on Accreditation in Physical Therapy Education, based on the following: CAPTE accreditation of a physical therapist of physical therapist assistant program satisfies state educational requirements in all states, the District of Columbia, Puerto Rico, and the U.S. Virgin Islands. Thus, students graduating from CAPTE-accredited physical therapist and physical therapist assistant education programs are eligible to take the National Physical Therapy Examination and apply for licensure in all states, the District of Columbia, Puerto Rico, and the U.S. Virgin Islands. For more information regarding state qualifications and licensure requirements, refer to the Federation of State Boards of Physical Therapy website at www.fsbpt.org	N/A	N/A

Associate of Applied Science in Occupational Therapy Assistant	Occupational Therapy Assistant	N/A. Mandatory licensure is required in all states.	The program is programmatically accredited by ACOTE, which meets all states "core" requirement of graduating from an ACOTE-accredited OTA program. Additional specific state licensure requirements apply and may vary.	N/A	N/A
